

HÅG's mission is to give movement and variation to the workplace. HÅG products stimulate intuitive and natural movement of the body and variation of sitting postures leading to improved health and productivity.

HÅG Conventio Wing

- A dynamic chair that is specially designed for meetings and conferences.
- The integrated rocking mechanism inspires movement and variation, improving the ability to stay alert and concentrated in long meetings.
- Constructed from lightweight materials that can withstand heavy use. The wing-shaped back gives the chair a fresh shape and makes it more robust.
- Simple maintenance makes the chair well suited as a general purpose chair for conferences, schools, universities, libraries, canteens, cafés and hotels.
- 4 legged models are stackable: 15 chairs can be stacked on top of each other.
- HÅG Conventio Wing is self-stabilizing on uneven ground and the chair will never be unstable when sitting

Design: Peter Opsvik. Patent- and design protected.
