TECHNICAL SPECIFICATIONS

EN

FRAME

- > Tube Ø 20 x 2mm cold rolled steel, EN10305-3 chrome quality
- > Plastic parts manufactured from PA6
- > Connection: metal parts frame through MIG welds. Shells connected with screws
- > Finish: chromed, matt chromed thickness of 20-25µm, powder-coating thickness of 300µm

SHELL

- > Made from 10x glued and pressed layers of beechwood
- > Finish seat/back: standard model is treated with a natural lacquer. Staining with standard Casala staining colours is optional, as well as treatment with a fire retardant lacquer or a different veneer
- > Foam: standard upholstery with flame retardant CMHR foam 40 kg/m³
- > Upholstered with fabrics from the Casala fabric collection

ARMRESTS

- > Plastic armrest PA6GF15 (15% glass fiber reinforced)
- > Inside reinforced with rod Ø 12mm

GLIDES

- > Standard fitted with wear-resistant POM glides
- > Optional fitted with ultrasonic welded felt

NL

FRAME

- > Buis Ø 20 x 2mm koud gewalst staal EN10305-3 chroomkwaliteit
- > Kunststofdelen vervaardigd uit PA6
- > Bevestiging: metalen onderdelen frame d.m.v. MIG lassen. Zitschalen verbonden met schroeven
- > Afwerking: (mat) verchromd, laagdikte 20µm - 25µm, poedercoating met een laagdikte 300µm

SCHAAL

- > Vervaardigd van 10x verlijmd en geperste fineerlagen
- > Afwerking zitting/rug: standaard blank gelakt. Optioneel gelakt in standaard Casala beitskleuren, afgewerkt met een brandwerende lak of voorzien van afwijkende fineren
- > Schuim: standaard voorzien van brandvertragend koudschuim CMHR 40 kg/m³
- > Gestoffeerd met stoffen uit standaard Casala stoffencollectie

ARMLEGGERS

- > Kunststof armleggers vervaardigd van PA6GF15 (15% glasvezel versterkt)
- > Binnenzijde versterkt met staf Ø 12mm

GLIJDERS

- > Standaard voorzien van slijtvaste POM glijders
- > Optioneel te voorzien van glijders met aangelast vilt

DE

GESTELL

- > Rundstahlrohr Ø 20 x 2mm kalt gewalzter Stahl, nach EN10305-3 Verchromungsqualität
- > Kunststoffteile aus PA6
- > Verbindungen: Metallteile des Gestells durch MIG Verschweißung. Verbindung Sitzschale mit Gestell durch Schrauben
- > Oberfläche: verchromt, matt verchromt, Stärke 20 - 25 µm oder pulverbeschichtet mit einer Materialstärke von 300µm

SITZSCHALE

- > 10 fach verleimtes Buchenschichtholz
- > Oberfläche: der Standard ist in Buche natur lackiert. Optional gebeizt in Casala Standard Beiztöne, lackiert in schwer entflammbarem Lack oder andere Furnierarten
- > Standard gepolstert mit feuerhemmendem CMHR-Schaum 40 kg/m³
- > Bezug: gepolstert mit Stoffen aus der Casala Stoff Kollektion

ARMLEHNEN

- > Armlehnen aus Kunststoff PA6GF15 (15% Glasfaser verstärkt),
- > Die Armlehnen sind innen verstärkt mit Rundstahl Ø 12mm

GLEITER

- > Standard ausgestattet mit abriebarmen POM-Gleitern
- > Optional mit Filzgleitern (Filz aufgeschweißt)

FR

CHÂSSIS

- > Tube Ø 20 x 2mm acier laminé à froid, chrome qualité EN10305-3
- > Eléments en plastique fabriqués en PA6
- > Assemblage: soudures MIG pour les parties métalliques du châssis. Coque assemblée par vis
- > Finitions: chromé/chromé mat épaisseur 20-25µm, époxy épaisseur 300µm

COQUE

- > Fabriquée à partir de 10 feuilles de hêtre pressées-collées
- > Finitions assise/dossier: modèle standard traité avec un vernis naturel. En option, vernis teinté selon nuancier Casala standard, ainsi que vernis non-feu ou différents placage bois.
- > Mousse: rembourrage standard en mousse non-feu CMHR 40 kg/m³
- > Tapissé: avec les tissus de la collection Casala

ACCOUDOIRS

- > Accoudoirs en plastique PA6GF15 (15% renforcé de fibre de verre)
- > Intérieur renforcé d'un tige Ø 12mm

PATINS

- > Equipé en standard de patins POM résistant à l'usure
- > Equipé en option de patins feutrine soudés par ultrasons

MEASUREMENTS

GENERAL INFO

CASALA CIRCULAR ECONOMY

Casala realizes it is responsible for the environment and the economic and social well-being of our world and considers it important to make a structural contribution. Our objective with regard to Circular Economy is simple: successful corporate social responsibility with focus on a sustainable world. During the design phase we determine the products and materials and examine their impact and behaviour in the product chain. These choices are the basis of adequate management of products and materials. For many years Casala has been working with raw materials that mainly originated in Western Europe. The required transport kilometers are thus kept to a minimum. This contributes to the lowest possible CO-2 emissions.

Chairs are frequently discarded after use and seen as waste. This is unnecessary, as the parts are often not at the end of their life cycle. Therefore Casala chooses to refurbish various items from our product range and offers CE guarantee on multiple programs.

When purchasing new furniture, you decide in consultation with Casala whether you want to make use of the CE guarantee. Casala CE comes with an official certificate. The moment you want to replace the furniture, you can return this CE certificate. Every CE-certified product will receive a cash refund, a nice start for the purchase of new furniture. This contributes to a more sustainable world, the foundation of Circular Economy.

Result: a chair with the same quality and warranty conditions as a new chair

CASALA MAINTENANCE

You can find the general maintenance manual at:

www.casala.com/maintenance

CASALA GUARANTY

Casala guarantees that delivered products retain their functional properties for a period of 5 years. The warranty period commences on the date of delivery and is not interrupted, impeded or renewed when a warranty service has been

provided. We can handle complaints quickly when you send a clear description together with photos, the model number, the order number and the date of manufacture to Casala. You can find this information on the production sticker under the chair or table.

See further additional warranty conditions.

CASALA CERTIFICATION

Casala continually strives to reduce the environmental impact in the development of our products. During development, care is taken to make responsible use of raw materials and production techniques. For many years Casala has been working with dedicated suppliers and producers conformed to the ISO14001 standard. This standard is used worldwide to start and assess environmental management systems. In order to ensure wood and paper products originate from responsibly managed forests, Casala encourages the use of international certifications PEFC™ and FSC®.

Casala embraces PEFC™ and FSC® as certification institutes. By integrating these standards, we are able to extract our current timber from the forests without harming the needs of future users.

Thanks to the established quality requirements and control of production processes, Casala's contract furniture guarantees excellent quality, long life span and durability.

Casala FSC® certification: CU-COC-858146

Casala PEFC™ certification: CU-PEFC-858146
