SAFE & EASY IN USE FOLDING MECHANISM

Pliana doesn't have the look of a folding table, because the innovative folding mechanism forms a compact, almost invisible unit within the frame. Thanks to the built-in resistance in the mechanism, the legs can not accidentally fold in by themselves.

NL
Pliana heeft niet de looks van een klaptafel, omdat het innovatieve klapmechanisme een compacte, vrijwel onzichtbare eenheid vormt met het frame. Dankzij de ingebouwde weerstand in het mechanisme klappen de poten nooit ongewenst in.

DE
Pliana sieht nicht aus wie ein Klappstisch, denn der innovative Klappmechanismus bildet eine kompakte, fast unsichtbare Einheit innerhalb des Gestells. Dank des eingebauten Widerstands im Mechanismus klappen die Beine nie ungewollt ein.

FR
