DINER INFOSHEET

casala®

**NL**

Diner is een eenvoudige strak vormgegeven bank, ideaal voor wachruimtes, horecagelegenheden, recepties, bedrijfsrestaurants en kantines. Bijzonder is dat Diner te bestellen is per cm met een maximale breedte van 240 cm. Diner kan op meerdere manieren worden geplaatst in een ruimte: strak tussen twee muren of panelen voor een compacte zithoek, rugtegen-rug als treinbank of als losstaand object in de ruimte. Diner is verkrijgbaar in verschillende versies: in drie verschillende zithoogten en met twee verschillende rughoogten.

DE

Diner ist ein einfaches, elegantes Sofa, ideal für Wartezimmer, Gaststätten, Empfangsräume, Betriebsrestaurants und Kantinen. Das Besondere an Diner besteht darin, dass es zentimeterweise bis zu einer Höchstbreite von 240 cm bestellt werden kann. Diner kann auf mehrere Weisen im Raum aufgestellt werden: nüchtern zwischen zwei Wänden oder Paneelen, um eine kompakte Sitzzecke zu schaffen, Rücken an Rücken als Train Bench oder auch als separat stehendes Objekt im Raum. Diner ist in verschiedenen Ausführungen erhältlich: in drei verschiedenen Sitzhöhen und in zwei verschiedenen Rückenhöhen

FR

Diner est une banquette simple aux lignes épurées, idéale pour les salles d'attente, les établissements horeca, les réceptions, les restaurants d'entreprise et les cantines. Particularité : Diner peut être commandée par cm, avec une largeur maximale de 240 cm. Diner peut être placée de différentes manières dans un espace : de manière épurée entre deux murs ou panneaux pour un canapé compact, dos à dos comme banquette de train ou comme objet isolé dans l'espace. Diner est disponible en différentes variantes: avec trois hauteurs d'assise et deux hauteurs de dossier.

DINER

Dimensions (in cm)	back height	depth
Diner Low	74	75
Diner High	112	75

seat height: 43 / 45 / 47
seat depth: 51 cm

Diner is a simple sleekly designed sofa, ideal for waiting areas, catering establishments, receptions, company restaurants and canteens. What is exceptional about Diner is that it can be ordered per cm, with a maximum width of 240 cm. Diner can be placed in a variety of ways within a space: tightly between two walls or panels for a compact seating area, back-to-back as a train bench or as a stand-alone object. Diner is available in different versions: with three different seat heights and two different back heights.

UK

ELEMENT

The element is equipped with steel no sag springs, fitted with high-quality HR Eco foam. A layer of Dacron is placed over the foam. This drastically reduces friction and wear of the fabric.

BASE

Stainless steel base, optionally finished with powder coating, available in various standard colours. Alternative colours on request.

UPHOLSTERY

Aside from the Casala upholstery, there is a wide fabric collection available from renowned manufacturers. Alternative upholstery on request.

NL

ROMP

De romp is voorzien van stalen nosag veren, voorzien van hoogwaardig HR Eco schuim. Over het schuim wordt een laag Dacron aangebracht. Hierdoor wordt wrijving en slijtage van de stof drastisch gereduceerd.

ONDERSTEL

RVS onderstel, optioneel afgewerkt met poedercoating, verkrijgbaar in diverse standaardkleuren. Overige kleuren op aanvraag.

STOFFERING

Naast de Casala stoffen is er een brede stoffencollectie beschikbaar van gerenommeerde fabrikanten. Overige stoffen op aanvraag.

DE

POLSTERKÖRPER

Der Rumpf ist mit Nosag-Stahlfedern mit hochwertigem HR Eco-Schaum gefertigt. Auf den Schaum wird eine Schicht Dacron aufgebracht. Hierdurch werden Reibung und Verschleiß des Stoffs drastisch reduziert.

GESTELL

Edelstahlgestell mit einer matten Pulverbeschichtung, erhältlich in diversen Standardfarben. Weitere Farben auf Anfrage.

POLSTERBEZUG

Neben den Casala-Stoffen ist eine umfangreiche Stoffkollektion renommierter Hersteller verfügbar. Weitere Stoffe auf Anfrage.

FR

CARCASSE

La carcasse est pourvue de ressorts Nosag en acier, avec mousse Eco HR de haute qualité. Une couche de Dacron vient ensuite recouvrir la mousse. De ce fait, le frottement et l'usure du tissu sont sensiblement réduits.

EMBASE

Embase en INOX, parachevée en option avec coating en poudre, disponible en différents coloris standard. Autres coloris sur demande.

GARNISSAGE

Outre les tissus Casala, une vaste gamme de tissus de fabricants de renom est disponible. Autres tissus sur demande.

POWDER COATINGS

The powder coating used, does not contain toxic substances or components that hold heavy metals. During the production process, the redundant powder is intercepted and re-used in our production process. Powder coating colours that are not standard to the Casala collection can be used at the customer's request.

GENERAL INFO

CASALA GUARANTY

Casala guarantees that delivered products retain their functional properties for a period of 5 years. The warranty period commences on the date of delivery and is not interrupted, impeded or renewed when a warranty service has been provided. We can handle complaints quickly when you send a clear description together with photos, the model number, the order number and the date of manufacture to Casala. You can find this information on the production sticker under the chair or table.

CASALA CERTIFICATION

Casala continually strives to reduce the environmental impact in the development of our products. During development, care is taken to make responsible use of raw materials and production techniques. For many years Casala has been working with dedicated suppliers and producers conformed to the ISO14001 standard. This standard is used worldwide to start and assess environmental management systems. In order to ensure wood and paper products originate from responsibly managed forest.

Thanks to the established quality requirements and control of production processes, Casala's project furniture guarantees excellent quality, long life and durability.

CASALA FSC® CERTIFICATION: CU-COC-858146

CASALA CIRCULAR ECONOMY

Casala realises it is responsible for the environment and the economic and social well-being of our world and considers it important to make a structural contribution. Our objective with regard to Circular Economy is simple: successful corporate social responsibility with focus on a sustainable world. During the design phase we determine the products and materials and examine their impact and behaviour in the product chain. These choices are the basis of adequate management of products and materials. For many years Casala has been working with raw materials that mainly originated in Western Europe. The required transport kilometers are thus kept to a minimum. This contributes to the lowest possible CO-2 emissions.

Chairs are frequently discarded after use and seen as waste. This is unnecessary, as the parts are often not at the end of their life cycle. Therefore Casala chooses to refurbish various items from our product range and offers CE guarantee on multiple programs.

When purchasing new furniture, you decide in consultation with Casala whether you want to make use of the CE guarantee. Casala CE comes with an official certificate. The moment you want to replace the furniture, you can return this CE certificate. Every CE-certified product will receive a cash refund, a nice start for the purchase of new furniture. This contributes to a more sustainable world, the foundation of Circular Economy. Result: a chair with the same quality and warranty conditions as a new chair.
