“The Millepiedi seating system for waiting areas and large spaces keeps growing and evolving. New features and accessories have been progressively added to the range of elements, which can be combined to create endless configurations and personalised ways of using the system.”

Aldo Parisotto (Monselice, 1962) graduated from IUAV Venice under James Stirling, and taught interior design in Trieste from 2001 to 2003. Massimo Formenton (Padova, 1964) also graduated from IUAV in 1989. Together they founded Parisotto+Formenton studio in Padova in 1990, with a Milan base added in 2004. Their work spans architecture (museums, commercial spaces and residential buildings, including the recent restoration of Milan’s historical Ricordi palace) and 360° retail design for major fashion and luxury brands (Salvatore Ferragamo, Eleventy, Testoni, Vic Matiè, among others). They are also behind the Nespresso boutique concepts worldwide, alongside significant collaborations in lighting and furniture design.
